Dear Blue Book,

My mother saw a U.F.O. but feels
she ridiculous about writing to you
because she never believed in them.

It was on November 28, 1966 a Monday.
The time of day was about 5:15 P.M. E.S.T.
(the) It appeared approximately 200 yards
above my mother. The duration was about
one minute. The color was white and lit
up all over, It did not pulsate or make
any sound. It was always level with
the ground. The size was ~~of~~ that of an
oil truck (the kind that make home deliveries), Its shape was ~~of~~ that of a stretched
out egg. The estimated speed was
about 5-10 miles per hour. The weather
was so: Gray clouds cover, chilly and
rainy. No airplane were allowed to
take off from the Philadelphia (or land)
airport. My mother's emotional state
before the sighting was sad and (teary)
dreary. My mother wishes no publicity.
Her name and address is [REDACTED]

[REDACTED] Media, Penna. The
sighting was on Rosedale Road, Nether
 Providence, Township near Media.

If you would like to know the name
of the ^{other} small road near the sighting; the

could find it out for you.

Sincerely yours

My friend

~~et al~~
My Mother

P.S. Please ~~solve~~ what you think
of it.

P.S.

at dusk. all lit - white.

The car in front of me made a
sudden right turn up the side street
to follow it. He didn't have his turn
signal on - but when this UFO
appeared he quickly turned off in
the direction "it" was proceeding. I
am sure he saw it too, but I didn't
turn as I was leaning down to watch
it out my ~~left~~ ^{right} hand window.
It was definitely not a plane - or
like anything I ever saw before. - B.B.
